

Dear Friends and Relatives,

In 2019, Dream of Wild Health had a tremendous year with many new experiences and cherished memories. Our executive leadership transition was a success and we introduced a team of staff to care for our ancestral seeds for the first time in Dream of Wild Health history. Our youth and community continue to benefit from the produce grown at our farm. With your support we can improve health in our community through outreach and educational programs with youth and families, and through stronger partnerships to build food sovereignty.

Sadly, Dream of Wild Health lost a dear friend and amazing team member, Ernie Whiteman. His commitment to our youth was impeccable and his legacy lives on through our mission. In 2020 we are focused on expanding youth programs and increasing healthy Indigenous food access in our community.

We are truly grateful for your support and look forward to sharing a healthy Indigenous meal and the vision of healthy generations to come!

Miigwech and Pidamaye ye!

Neely M. Snyder,
Executive Director
